- * Vehicles, equipment and boots shall be washed/cleaned prior to transit to SCI
- * Stay on roads
- * Use designated turnouts
- * Do not remove vegetation
- * No smoking in the field
- * Report fires immediately to Fed Fire
- * Report any snakes, raccoons, rabbits, or unusual wildlife to Natural Resources
- * Before moving any large debris, contact Natural Resources

- * Drive the speed limit
- * Report all fox road-kills or foxes hit-by-vehicles at (619) 524-9064
- * Slow down for bird area and fox crossings signs
- * If you see a fox and can safely stop, do so
- * Do not leave mesh, fishing line, or netting out; secure anything that could trap foxes

- * Do not leave water containers uncovered
- * Never leave toxics (including oil and anti-freeze) unsealed
- * Do not feed cats or foxes
- * Keep all "sticky glue traps" covered and inside of buildings, away from open doorways
- * Report any birds nesting on equipment or within buildings to Natural Resources

- * Before fishing, check for legal fishing areas
- * Do not collect abalone or you may violate the Endangered Species Act and hinder future training
- * Place all trash in trash can with closed lids
